A FISH TALE

Fish & Co. began its operations in 1998 in Singapore. Recognizing a niche for a mid-level seafood restaurant with an international and contemporary flair, the founders started to piece together the core of what we see today as Fish & Co.

The concept became one of Singapore's leading restaurant chains. It has now expanded beyond the Singapore shores and opened chains in Indonesia, Malaysia, Middle East, Philippines, Cambodia and Brunei.

Fish & Co. serves food in a unique Mediterranean style – in a pan! This was an inspiration drawn from the simple practices of South African fishermen who caught seafood fresh from the seas, cooked them immediately in a pan and ate from that same pan.

Guests love the casual and fuss-free dining experience, the friendly staff and personalized service and of course, the great-tasting food. We seek to create an environment where guests can feel at ease and enjoy a great meal with family and friends. Shoals of people have come back for 'The Best Fish & Chips in Town!'

Like what we say at Fish & Co. "one bite and you're hooked!"
